Our Core Values

Trust

Trust is the essence of honest relationships. It is the reliance on one's integrity, strength and ability. To trust in another's honesty brings hope.

Hope

Hope is the belief in the future, that all dreams are possible. It is the hope that provides the feeling that something desired may truly happen. Hope is inspiration.

Inspire

To inspire is to pass beyond the boundary of what was once unattainable and to breathe new life into all possibilities.

The NewGen way...

Surrogacy in Colombia has been accessible to international Intended Parents for approximately 4 years. The NewGen team have managed countless Intended Parent journeys since its inception and our Directors of the Colombian program, travel regularly to Bogota to meet with the team at the clinic in addition to meeting the surrogate coordinators and surrogate support team.

Our surrogacy programs in Colombia are designed for you, the Intended Parent, to enjoy every milestone along this wonderful journey knowing that every detail of your journey has been expertly handled by our team.

From the moment you become a NewGen client, we will coordinate everything for you until your precious baby is born.

We take our time to understand your needs and our partners work to match you with an egg donor and surrogate, and NewGen connects you with a trusted and experienced fertility clinic and legal

team who will help you navigate the important medical and legal decisions you need to make throughout your family building journey. Additionally, we will introduce you to a clinical psychologist who provides counselling to help you prepare emotionally for your IVF, egg donation and surrogacy journey.

From the very first month of your surrogacy journey, your case manager will introduce you to your Surrogacy Journey Dream-Team. You will meet with your reproductive endocrinologist, IVF coordinator, egg donor coordinator, surrogate coordinator and lawyer face to face when you travel to Bogota for the first time. Your case manager will be available 24/7 to answer any of your questions or connect you with the right team member who can help you.

At NewGen, our aim is to provide every Intended Parent with the guidance and support they need so they can focus on their relationship with their surrogate and the excitement of growing their family.

Surrogacy Journey Timeline Colombia

A young child with dark hair, wearing a vibrant, multi-colored dress, is captured in a joyful moment of splashing in water. The child's face is lit up with a smile, and water droplets are frozen in mid-air around their head and shoulders. The background is a soft-focus outdoor setting with greenery and a building.
