# Surrogacy Plan Cost Breakdown

USA

## A. Plan Details

### 1. Full Egg Guarantee Plan

Subject to the terms of your direct agreement with the IVF Clinic, you will be the recipient of all of the eggs retrieved during one egg retrieval procedure at the IVF Clinic. NewGen Families recommends this plan if you desire to store embryos for future use, and/or desire to have more than one child.

### 2. Existing Embryos Plan: shipped to Nevada Fertility Center

NewGen Families recommends this plan if you have existing embryos and require us to manage all services to compete your surrogacy journey.

### 3. Existing Embryos Plan: using your preferred clinic

NewGen Families recommends this plan if you have existing embryos and require us to manage all services to compete your surrogacy journey.

### 4. Self Extraction Plan

NewGen Families recommends this plan if you intend on creating embryos using your own eggs and your partner's/donor sperm and you then require us to manage all services to compete your surrogacy journey.

## B. Table of Costs

The table below sets forth the estimated (E) and fixed (F) fees and costs that are anticipated along your surrogacy journey. Costs identified as "Fixed" shall be payable as an agreed fixed fee. Costs identified as "Estimated" are an estimate based on our experience of the costs that you might anticipate; these costs may ultimately be lower or higher depending on each particular journey and the costs associated with the journey. We will always endeavour to keep you informed as early as possible on these costs and endeavour to ensure they are as low as possible while working to secure a successful outcome. While we have endeavoured to provide a full list of estimated costs, we cannot guarantee that the list is full and comprehensive for all scenarios.
